IBM'S TOLLBOOTH FOR THE I-WAY: Will its content clearinghouse **spur electronic commerce?**

Business Week May 13, 1996; Pg 114; Number 3475

Journal Code: BW ISSN: 0007-7135

Section Heading: Information Processing: THE INTERNET

Word Count: 1,209 \*Full text available in Formats 5, 7 and 9\*

BYLINE:

By Ira Sager in New York

: Will its content clearinghouse **spur electronic commerce?**

TEXT:

... a service that addresses these concerns. On Apr. 30, it opened infoMarket, an electronic-content **clearinghouse** that will also act as a tollbooth for the Information Superhighway. The computer giant will...

... it out. What's more, the service addresses a serious issue for information providers: capturing **royalties** when material is purchased and then freely distributed within an organization or to the public. With infoMarket, IBM **promises** to keep track of the information so each user will have to pay a fee...

... contains the data and how much the information costs. Customers must register with the IBM **clearinghouse** to get an electronic key that will open their cryptolopes. Once the package is opened, the cryptolope fires off a message to the **clearinghouse** , which notifies the publisher and bills the customer. IBM is working with Xerox Corp. to...

... own electronic-commerce setups. Robert Weber, an EPR senior vice-president, says IBM's central **clearinghouse** could turn out to be a bottleneck if traffic swells: ``InfoMarket has some serious challenges... When the user opens the package, it automatically triggers a message back to an IBM **clearinghouse** . If the customer's credentials and security key on file match, the data can be opened. The **clearinghouse** notifies the content provider and an IBM billing service, which mails out a bill to...
